BOUNCING RABBIT:

MATERIALS:

1. 2 lengths of 50mm white stripping, each length is 80cm.
2. 4 lengths of 25mm white stripping, each length is 40cm.
3. One sheet square white cardboard
4. One white pom pom
5. Two joggle eyes
6. Template of the rabbit head, teeth, and inner ears
7. Glue, Scissors, Markers, Paints.

PROCEDURE:

1. Body: Fold the two lengths of 50mm stripping into a DOUBLE FAN FOLD. Refer to the illustration below.
2. Legs: Fold each length of 25mm stripping into a single fan fold.
3. Cut the rabbit head shape from white cardboard
4. Cut inner ear shapes and the teeth from the stripping
5. Cut thin strips from the stripping for whiskers and colour black with a marker
6. Glue on joggle eyes, inner ears, teeth, pom pom (nose), whiskers to the rabbit head
7. Glue head, body, and legs together
8. Decorate the head with markers or paints

OPTIONAL IDEAS:

- Glue a string on to the back of the head to hang the rabbit up.
- Use felt or foam to make inner ears and teeth
- Use coloured stripping and cardboard to make body, legs, and head
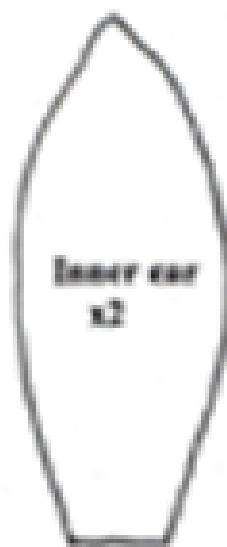

DOULBE FAN FOLD:

Fold A over B
then B back over A
